

Thank you for registering for the Red Cross Blended Learning Adult and Pediatric CPR/AED/First Aid class. At least one week before the start of the class, you will receive an email from the Red Cross (it will come from Salesforce Automation) with instructions on how to complete the online portion of the class. If you do not receive this email, please contact the Grafton Parks and Recreation Department at 262-375-5310.

You will need to show completion of the online portion in order to attend the in-person portion of the class. (You will receive a statement at the end – either print or take a screenshot.) You will need to bring this to the in-person portion of the class. Chrome is the recommended browser, and make sure you are using a good mouse (you will need to simulate CPR compressions by clicking the mouse).

The in-person portion of the class is Tuesday, December 14, 5:00 - 7:00 pm, at the Municipal Services Facility, 675 N. Green Bay Road, Grafton.

Thank you.
